

seaSCREEN Integrated

- Simple push fit corner covers to avoid lost screw caps, including small flats so the part can be removed.
- Frame is recessed into the ceiling to provide a clean and seamless finish.
- Aluminium system, 100% marinised. Hardware in black, white or ivory
- 0% light transmission fabric for improved blackout and temperature control, available in white or ivory
- Painted crossbar and hidden magnet to provide a completely colour matched product.

Integrated roller blind and flyscreen to fit any size marine hatch

- Concealed roller blind and flyscreen combined
- Blackout and flyscreen, or blackout or flyscreen only
- Onboard privacy and comfort
- Cabin light and temperature control
- Reduce UV damage
- Reduce glare and control insects
- Fully marinised aluminium system

Flyscreen

The PVC coated glass fibre weave of the Seaview flyscreen fabric allows air to flow around the cabin, while preventing minute insects access, as well as offering a long-lasting UV stable solution.

Cabin temperature

By controlling light transmission and reflecting heat, hatch screens help control cabin temperature

seaSCREEN Integrated

Integrated design for flush fitting blackout and flyscreen combined, or blackout only or flyscreen only

SEASCREEN Integrated

Available in the following standard sizes:

Part No.	To fit hatch	Width (W)	Drop (H)
10	Lewmar 10	257mm (10 1/8")	257mm (10 1/8")
20	Lewmar 20	344mm (13 9/16")	199mm (7 13/16")
30	Lewmar 30	454mm (17 7/8")	324mm (12 3/4")
40	Lewmar 40	418mm (16 7/16")	418mm (16 7/16")
44	Lewmar 44	439mm (17 5/16")	439mm (17 5/16")
50	Lewmar 50	504mm (19 13/16")	375mm (14 3/4")
54	Lewmar 54	504mm (19 13/16")	389mm (15 5/16")
60	Lewmar 60	504mm (19 13/16")	504mm (19 13/16")
70	Lewmar 70	624mm (24 9/16")	624mm (24 9/16")

Minimum and maximum dimensions:

	Width (W)	Drop (H)
Minimum	150mm	100mm
Maximum	1000mm	1000mm
Radius	R42mm only
